

# Australia and New Zealand Touring Support

## Is your artist traveling to Australia or New Zealand this year?

Did you know that if anyone on your tour has a conviction, they will have to provide additional support documents in order to have their visa application(s) approved?

**Getting FBI reports, State Certificates, and other related documents can be challenging and can sometimes take weeks to process.** If the required documents are not provided in time, immigration authorities may not issue the required visas, and key performers and personnel may not be able to travel to the destination country. This is true for both Australia and New Zealand.

**Mundial Law has the expertise to streamline the process of getting all the necessary documents and information required to ensure that everyone on your tour has their best foot forward in the Australia and New Zealand visa application process.**

## Mundial Law will:

- Facilitate getting FBI reports and State Certificates
- Coordinate mobile fingerprinting, if needed, for privacy and efficiency
- Obtain court records
- Prepare statements
- Draft character / reference letters
- Prepare attorney opinion letters
- Respond to requests for additional information and documents

---

Burbank, CA

We will work directly with your presenters and the visa agents in Australia and New Zealand to ensure that the preparation of documents goes as smoothly as possible. Let Mundial Law take this critical and complicated work off your to-do list. Leave it to a team that has expertise in preparing immigration-related paperwork.

Mundial Law is an industry leader in providing immigration support to Canada. We also have extensive experience working with the primary visa agents in Australia and New Zealand, including the staff at Live Nation who coordinate visas for incoming tours.

**Our team of clearance experts will get it all done for you, quickly, completely, and confidentially!**

Mundial Law is headed by **Maggie Stewart**, an experienced attorney licensed in Canada and California. Your artist's confidential and sensitive information will be safeguarded to the highest professional and ethical standards.

**Your tour to Australia and New Zealand is too important to leave the preparation of support materials to chance. Mundial Law will get the job done and free you up to work on the rest of the tour plans.**
